Artisan Shaker Kitchen Cabinets

Artisan Shaker's recessed door design gives it a slightly more traditional shaker profile than RTA's flat-panel lines, finished in a soft cream that reads clean without going stark white.

The line ships with full-extension, soft-close drawer glides and concealed European-style hinges, so day-to-day it feels the same as RTA's other soft-close lines even though the door detailing is different.

- Cream shaker finish with a recessed (not flat) door panel for a more traditional profile
- Stained solid birch frame with a full HDF (high-density fiberboard) door face
- Full-extension, soft-close drawer glides
- Concealed European-style hinges with soft-close feature
- 3/4" plywood shelves and solid wood drawer box

Consider our one-click 10 x 10 foot kitchen cabinets kit.
